LEGISLATIVE BRANCH APPROPRIATION BILL, 1952

SEPTEMBER 12 (legislative day, SEPTEMBER 4), 1951.—Ordered to be printed

Mr. ELLENDER, from the Committee on Appropriations, submitted the following

R E P O R T

[To accompany H. R. 4496]

The Committee on Appropriations, to whom was referred the bill (H. R. 4496) making appropriations for the legislative branch for the fiscal year ending June 30, 1952, and for other purposes, report the same to the Senate with various amendments and present herewith information relative to the changes made.

Amount of bill as passed House.....	\$60, 335, 370
Amount of increase by Senate committee.....	13, 432, 281
Amount of bill as reported to Senate.....	73, 767, 651
Amount of appropriations, 1951.....	72, 136, 254
Amount of regular and supplemental estimates for 1952..	81, 921, 586
The bill as reported to the Senate—	
Under the estimates for 1952.....	8, 153, 935
Exceeds the appropriations for 1951.....	1, 631, 397

GENERAL STATEMENT

The bill as reported to the Senate amounts to \$73,767,651, which is \$13,432,281 in excess of the amount proposed by the House, \$8,153,935 below the budget estimates, and \$1,631,397 in excess of the appropriations for 1951. The large increase in the Senate bill over the House bill is due to the fact that following the practice adopted by the House no action was taken by that body on purely Senate items. This accounts for \$13,097,421 of a total increase of \$13,432,281.

SENATE

The committee recommends a total of \$12,342,749 for the Senate, which is \$798,165 below the amount of \$13,140,914 appropriated for 1951, and \$116,383 above the budget estimates of \$12,226,366. The increase over the budget estimates is accounted for by increases of \$14,000 to each of the Policy Committees of the Senate, \$29,100 for stationery for Senators, \$9,620 for the Office of the Secretary, \$77,883 for the Sergeant at Arms and Doorkeeper, \$2,747 for reporting proceedings of the Senate, and \$2,565 for air mail and special delivery stamps. These increases amount to \$149,915, but decreases of \$8,532 for the Joint Committee on Printing and \$25,000 for inquiries and investigations makes the net increase \$116,383.

The committee felt that some increases in the basic salaries of the lower-paid employees were justifiable and accordingly has granted increases totaling \$87,503. These increases have been given to the lowest-paid employees under the Secretary of the Senate and the Sergeant at Arms and Doorkeeper.

Your committee feels strongly that committees of the Senate should not continue, from year to year, to employ professional and clerical assistants—in addition to the number permitted by the Legislative Reorganization Act of 1946—when such personnel is not on a contingent basis within the proper meaning of that word. It has been the practice for committees to request funds for such continuing employment—often extending over several years—out of the contingent funds of the Senate. It is your committee's recommendation that the Committee on Rules and Administration consider this problem and submit to the Senate an amendment to the Legislative Reorganization Act of 1946 which will correct this situation, before the next annual legislative appropriation bill comes up for consideration.

ARCHITECT OF THE CAPITOL

Following the practice established by the House, the bill as it came to the Senate made no provision for the maintenance of the Senate Office Building or for subway transportation. Accordingly the Senate committee has added these items to the bill. For subway transportation the Senate recommends the sum of \$2,600 which is the same as the appropriation for 1951 and the estimate for 1952. For the Senate Office Building the amount recommended is \$733,572, which is an increase of \$89,672 over the appropriation for 1951 and \$12,772 in excess of the budget estimate. The \$12,772 over the budget estimate is due to increases in the basic salaries of the unclassified employees—

elevator operators from \$1,200 to \$1,500 and female attendants in ladies' retiring rooms from \$1,500 and \$1,560 to \$1,800. Of the \$89,672 increase over the appropriations for 1951, \$28,000 is for remodeling certain space in the Senate Office Building to make it available for office use and for air-conditioning the space now used by the folding room, \$12,772 is for increased salaries for unclassified employees, \$10,000 for rugs, \$10,000 for replacing the refrigerating plant for drinking water in Senators' offices, and the remainder for furniture and equipment and other miscellaneous expenses.

The committee has also added an item of \$18,500 for Senate restaurants for the purpose of enlarging the coffee shop now under construction in the basement of the Senate Office Building so as to provide cafeteria service.

LIBRARY OF CONGRESS

The committee recommends the sum of \$8,710,160 for all of the activities of the Library of Congress, which is \$154,880 in excess of the appropriations for 1951, \$728,040 below the budget estimates, and \$254,880 above the amount proposed by the House. For the Legislative Reference Service the committee recommends the sum of \$810,000 which is \$112,100 below the estimates, \$20,000 above the appropriation for 1951, and \$110,000 above the amount proposed by the House. This amount should enable the Legislative Reference Service to maintain its present personnel strength but will not permit of any expansion.

The remainder of the increase granted the Library of Congress will provide for automatic within-grade promotions and make provision for the extra day in the fiscal year 1952. No new employees have been provided for.

The committee recommends that the following paragraph relative to the employment of aliens be added to the bill:

Not to exceed ten positions in the Library of Congress may be exempt from the provisions of section 1302 of chapter XIII of the Supplemental Appropriation Act, 1952, but the Librarian shall not make any appointment to any such position until he has ascertained that he cannot secure for such appointment a person in any of the three categories specified in such section 1302 who possesses the special qualifications for the particular position and also otherwise meets the general requirements for employment in the Library of Congress.

LOYALTY AND SECURITY INVESTIGATION OF COMMITTEE CLERKS

The committee recommends that the following provisos be added to the provision in the bill requiring affidavits of persons employed under the provisions of this act that they have not engaged in a strike against the Government of the United States and that such persons have not advocated and are not members of an organization that advocates the overthrow of the Government of the United States by force or violence. The effect of this amendment is to require in the case of committee employees of the Senate and House of Representatives that such affidavits shall be transmitted to the Civil Service Commission for investigation as to the loyalty and security of such persons as Government employees:

Provided further, That such affidavits heretofore filed by persons who on the date of enactment of this Act are employees of committees of the Senate or House of Representatives, or joint committees thereof, or hereafter filed by employees of such committees, shall be transmitted by the Secretary of the Senate and the Clerk of the House,

respectively, to the Civil Service Commission for investigation as to the loyalty and security of such persons as Government employees: Provided further, That in the event the Civil Service Commission discovers evidence of disloyalty or that any such person may be a security risk, the matter shall then be referred to the Federal Bureau of Investigation for a full field investigation: Provided further, That the report of such investigation shall be filed with the chairman of the committee employing the person with respect to whom such investigation is made:

General provisions:

The following general provisions affecting the Senate are recommended for inclusion in the bill:

The Sergeant at Arms is authorized and directed to secure suitable office space in post office or other Federal buildings in the State of each Senator for the use of such Senator and in the city to be designated by him: Provided, That in the event suitable space is not available in such buildings and a Senator leases or rents office space elsewhere, the Sergeant at Arms is authorized to approve for payment, from the contingent fund of the Senate, vouchers covering bona fide statements of rentals due in an amount not exceeding \$900 per annum for each Senator.

The Secretary of the Senate and the Sergeant at Arms are authorized and directed to protect the funds of their respective offices by purchasing insurance in an amount necessary to protect said funds against loss. Premiums on such insurance shall be paid out of the contingent fund of the Senate, upon vouchers approved by the Chairman of the Committee on Rules and Administration.

Salaries or wages paid out of the foregoing items under "Contingent expenses of the Senate" shall be computed at basic rates as authorized by law, plus increase and additional compensation as provided by the "Federal Employees Pay Act of 1945," as amended, and the "Second Supplemental Appropriation Act, 1950."

Changes made herein relating to the title or rate of compensation of any position under the Secretary of the Senate or the Sergeant at Arms and Doorkeeper shall take effect on the first day of the first month following enactment of this Act.
